## No water relief for Glades area

The South Florida Water Management District Monday, June 1, eased its 25 percent water cutback, except for communities on the shores of Lake Okechobee.

Belle Glade and South Bay are still under the 25 percent cutback, as are Clewiston and Moore Haven, but cities on both the East and West Coasts were allowed to return to 10 percent cutbacks.

The 25 percent reduction does not apply to Pahokee, which had obtained an exemption earlier due to the relatively small amount of water consumed by the city.

Belle Glade officials were not pleased with the order, however, noting that many of the larger coastal cities have a higher per capita consumption of water.

Belle Glade City Clerk June Boglioli said Tuesday morning that city officials had been in contact with the District about the order.

SFWMD Spokesman Sheila Middaugh said from West Palm Beach Tuesday that sufficient rain had fallen in the past two weeks to increase ground water levels enough to ease the restrictions in coastal areas.

Areas remaining at 25 percent cutbacks are directly dependent on Lake Okechobee for their water supply. The water level in the lake is 10.65 feet, and the level should be about 15½ feet, she said.

The 25 percent cutback in this area probably won't be dropped until the lake level "at least approaches 12 feet," Middaugh said.

The original 10 percent cutback order was given when the lake level dropped to 11½ feet.

"We need rain in the right place," she said, for the lake to attain the desired level. The "right place" is over the lake, or north of the lake territory which naturally drains into Lake Okechobee.

Any of the areas to the north getting rain would help, she said.

"We need a good rainy season," Middaugh said, with at least normal rain of 40 inches by November. That normal doesn't mean that every year 40 inches fall. Some years have seen more and some less, but this is an ideal. "It's not impossible to get, but this is the year we need it."

The paradoxical aspect of the drought in south Florida right now is that some areas of the east coast have gotten enough rain lately to escalate their water supplies to a near-flooding condition, Middaugh said. And since the water system in the district is not designed to pump water west or north, the water will probably have to be let out to the ocean.

"The ground has absorbed all it can absorb," she said, adding that if the district could pump that excess water into Lake Okechobee, it would. "We don't have any other place to put it," she said, except the ocean.

But the long-range effects of this drought could be serious if the rainy season this year doesn't produce the normal 40 inches, she said. Even with the 40 inches, the lake is expected by the district to only reach a level of 14 feet by November 1, which is from a half a foot below the November, 1980 level. The rainfall from November to May will determine whether the area will face drought conditions again next year.

In Pahokee, Mayor Noma Norman said that conditions are looking more favorable, noting that recent rainfall is encouraging, although little of it had fallen in his city.

Pahokee schools will be closing soon for the summer and their closing should help ease the water demand even more, he said.

## Boating accident leads to drowning

A Belle Glade man died Saturday, May 30, in the Rim Canal near Marker 94 in the Lake Harbor area, when he was thrown from his boat. He was enroute to a fishing tournament in Clewiston.

According to Det. Bill Bass of the Palm Beach County Sheriff's Department, James Vernon Goodson, 34, of 1620 N.E. 20th Street, was tossed from his boat after it hit the large wake generated by a 20 foot boat traveling east.

The steering cable in Goodson's boat apparently broke when it hit the larger boat's wake, causing the boat to run in circles and throwing

## Pahokee graduates 126 Friday

PAHOKEE — Pahokee High School will graduate 126 seniors at 8 p.m. Friday, June 5 in the school's gymnasium, with Sam Lovett, school board representative for the Glades presenting the diplomas.

Mrs. Doris Lane, principal of Pahokee High School, said valedictorian Charles Peaden and Salutatorian Jose Alvarez will be addressing the senior class and their guests.

The Pahokee High School band, under the direction of Ollie Davis, Jr., will be presenting a commencement concert.

Charles Dylan Peaden is the son of Arlice Peaden and Louise Peaden and lives at 2659 Bacom Point Road, Pahokee.

During his high school days, he was a member of the National Junior Honor Society, National Honor Society, band, All County Honor Band, bowling team, contributed to Driftings — a publication of creative writing, and the Computer Club.

He plans to earn a bachelors degree in electrical engineering from the University of Alabama and to complete graduate studies in Arizona.

Jose Alvarez is the son of Rodolfo and Migdalia Alvarez of 228 Banyon Ave., Pahokee.

At PHS, he was a member of Future Business Leaders of America, the Computer Club, and the Senior Honor Society.

He plans to attend Palm Beach Junior College and then go on to Georgia Tech to study aero-space engineering. He received the PBJC Presidents Award.

## Red Cross fund raising results

The American Red Cross Centennial Celebration held Sunday, May 24, at Belle Glade Marina to raise money for a proposed Glades area office of the American Red Cross netted \$2,547.17, according to Pat Sim.

Total income from the barbecue was \$3,500.68, from which \$1,020.60 was deducted for expenses, she said.

About \$60,000 will be needed to establish an American Red Cross office here.

## Spotlight on burglary prevention

BELLE GLADE — Home burglaries in cities and other areas throughout the country rose 15 percent in 1980. This is increasing the national average of a burglary to more than one every 15 seconds, according to law enforcement agencies.

And the same situation is true in Belle Glade Chief D. Bill Mathis said today in announcing that June is Burglary Prevention Month here.

To assist local residents with the prevention of burglaries Police Inspector Michael Miller said a seminar is planned for 7:30 p.m. on June 10 in the old city courthouse at 33 W. Ave. A.

The seminar will offer tips on residential burglaries and a booklet entitled Residential Burglary issued by the Attorney General's Office will be distributed along with a flier called Protect Your Home.

Chief D. Bill Mathis is asking all citizens to assist the police department in fighting home burglaries, especially as the warm weather and vacation season starts.

"As a rule burglaries increase when the economy levels out, and this is aggravated by the high cost of gold and silver that is stimulating home break-ins," said Mathis.

"The increase in working wives has made empty homes and apartments on workdays easy targets for burglars. Even mild weather has an impact."

We're noticing too that there is an increasing number of garage burglaries, and we're reminding citizens to keep garage doors closed at all times, he added.

Failure to practice the fundamental techniques of home protection was largely responsible for the 700 burglaries committed in our city last year. Most people didn't intentionally invite intruders to ransack their homes, but they might as well have hung up a sign saying, "No one's home, burglars welcome!"

A stroll around the neighborhood any day will tell you at a glance who's away: porches will be cluttered with circulars, an accumulation of milk bottles on the stoop, an unkempt lawn, an empty garage with the door open or a bulging mailbox. All of these are tip-offs that will broadcast "No one's home" to any

At a luncheon meeting May 29, officials of the Atlantic Sugar Association were awarded two plaques in recognition of their superior workers compensation loss record.

Paul Tobin of Professional Administrators Inc. commented that "the 16.9% loss ratio achieved during the past two years is probably the best in the nation for this type of risk."

Receiving the two plaques on behalf of Atlantic Sugar Association were Jose Martinez, vice president of the Agriculture Department and Adalberto Pacheco, mill superintendent.

The luncheon, hosted by Atlantic Sugar's Agent Milton Carpenter Insurance, was attended by members of the Board of Directors, administrative staff and the entire company work force.

H. J. Valella, general manager, concluded the program with praise for all involved in this effort and in particular the excellent safety engineering services provided by the Insurance Company.

The Belle Glade Agricultural Research Station will host 45 persons from 15 countries Monday, June 8, at 10:30 a.m. when the Sub-Tropical Pre-Congress Tour from the International Grasslands Congress visits, said Dr. Robert Allen Monday.

Dr. Allen has worked with about 1,000 strains of grasses during his career,

about six of which are currently grown at the local research station.

Conducting the tour for the visitors will be Dr. Findley Tate and Dr. Allen. The visitors will review forage research, sugar cane growth, and have lunch at the Belle Glade station.

Following completion of their tour, the visitors will travel to Lexington, Ky.,

where the University of Kentucky is sponsoring the grasslands conference.

Among those visiting Belle Glade Monday will be residents of New Zealand, West Germany, Mexico, South Africa, Thailand, Taiwan, Colombia, Australia, Japan, Zambia, Indonesia, the Netherlands, Bolivia, and the United States.

one canvassing the neighborhood," Mathis said.

He continued, "In the evening, most empty homes can be spotted too—just look for the dark houses. It's a known fact, light is one of the best deterrents to crime, yet most homeowners go out for an evening and leave their home completely dark, or they'll go off on a weekend or vacation and leave the same light burning day and night. No light at all, or light burning continuously, is a good giveaway. "No one is Home."

A simple, but effective means of having light in your home every evening, is by connecting a Time-All automatic timing device to one or two lamps. Such a timer will turn a lamp "on" early in the evening, then turn it "off" several hours later. With lights turning on and off during the evening hours it will give the appearance someone is home and may avert a possible burglary attempt, Mathis said.

Mathis issued the following PRECAUTIONS FOR HOMEOWNERS:

- Close and lock all doors, including porch, basement and garage. Use pin-tumbler cylinder locks on outside entrances and safety latches on the windows.
- Connect a lamp to a Time-All timer to turn lights in the home on and off each evening. Since sound is a deterrent, connect radio and television to timer.
- Protect all doors and windows with an inexpensive portable burglary alarm which sounds whenever someone attempts to break in.
- Light up your porch and yard with outdoor lights to increase the likelihood that an attempted burglar would be seen. These lights can also be timer-

- controlled, if desired.
- Be sure all screens are fastened from the inside.
- Never leave valuables lying around, keep them in a safety deposit box.
- Notify the police department, when you'll be leaving and how long you expect to be away.
- Cancel all deliveries, such as the milk, laundry, cleaning, etc. Also, be sure to discontinue the newspaper or arrange to have it sent to your vacation address.
- Have a neighbor, of the post office, hold all mail until your return.
- Arrange with a friend to mow the lawn and sweep your sidewalk once a week. Also ask him if he'll pick up any circulars or handbills that may be left on your porch.
- Leave your shades and blinds as you normally do, closed blinds keep the sun out, but also make an effective screen for the burglar.
- Never advertise your departure with an item in the local paper. Give the story about your vacation to the newspaper after you've returned.

There is no such thing as a "Burglar Proof" home, the Chief said, but he added, following the suggestions listed above will help to protect your home whenever you're away.

Canal Point to Muck City Road have started. The five-mile stretch will be closed down for about six months during the repairs, which include resurfacing. Dixie Asphalt of West Palm Beach is the contractor and the cost of the project is estimated at \$527,300. Traffic is being detoured onto State Route 717 and into Canal Point via U.S. 441.

Several committee members indicated that the resurfacing will just be a temporary solution to the road's problems.

"Rebuilding is the ultimate solution," Chairman Franklyn Jones said.

"Resurfacing will last about five years, then it will be right back where it was (is)."

Jones said the road was last resurfaced about 10 years ago, from Canal Point to 20-mile Band.

The committee also discussed:

- the tree-cutting project on U.S. 27. The trees on the banks of the Miami Canal, between the water and the road, are being eliminated. During a windstorm, the trees could blow over onto the roadway, creating a hazard. About 50 trees a day are being cut.
- The slope of Wedgworth Road. It slopes toward a canal and is only six inches from the water.

### A graduation Gift For A Very Special Daughter

From Mother

It's hard to tell just where to begin, but all good things must come to an end. I will start about the age of two, from there trying to remember what to do.

She was full of laughter and lots of fun, smiling, playing and on the run, uncertain about which way to turn.

At the age of three, she was very firm, full of all types of mystery. Exploring here and there, looking for new adventures everywhere. She has made my life worth living, as a child taught me so much about giving. Striving to be successful in whatever she did, never satisfied with just getting by, if not treated fairly, she would sometimes cry. Never wanting to be a loser, but would take it in stride, smile and go on to the other side. She kept me full of life, being a busy mother and a better wife.

Now she's about to be an adult, passed a child, but not really grown up. This may not be a Hallmark or Helen Steiner, but coming from a mother's heart, it couldn't be finer. She's loved by many, disliked by a few, but what to expect from a child like you.

She was a bundle of joy from birth, and brought much happiness to this earth, especially to her father and me, because we feel what to one else could see. Now she's going to be like a bird, having to try her wings, experiencing life, heartache, and pain, but only if you remember how you were raised, glory be thankful, grateful and give God the Praise.

You may stumble or even fall, always remember we are at your call. She knows I'm her best friend as well as her mother, will always understand and love her when there's not a father. I could keep on writing and never stop, but keep on Cheryl, the crown is at the top.

She is not a perfect child, but you would think so just to see her smile. Written with lots of love,

Your Mother  
Beatrice Lawton

## Summer camping program for scouts

LAKE WORTH — Palm Glades Girl Scout Council, Inc., announces a variety of exciting summer programs open to all girls. Day camps will be operation in 10 locations throughout the Council's 6½ county jurisdiction, offering activities such as crafts, nature study, aquatics, music, simple outdoor skills, freindmaking and fellowship with other girls.

Established resident camping at Camp Welaka in Jupiter, gives girls the experience of being "on their own" away from home. Swimming, boating, hiking, music, crafts, horseback riding, sailing, and more are offered to girls at each of three 12-day sessions in June and July.

All programs are closely supervised by qualified adult staff. A girl need not necessarily be a registered Girl Scout to participate. For more information and brochures on these programs, phone Palm Glades Girl Scout Council, 305-582-5362, or write or visit: 2726 Lake Worth Rd., Lake Worth, Fla. 33461.

Goodson into the water.

He suffered internal injuries when he was thrown into the water and was knocked about 20 feet under the surface.

The brown, 18 to 20 foot boat which created the wake, was described as crowded with people, but the boat did not slow down or attempt to render aid.

Herschle Snyder, a close friend of Goodson's, was in a separate boat about one-half mile ahead. Snyder had succeeded in jumping the 20 foot boat's wake. Snyder turned around and tried to help Goodson when he saw that his friend had been knocked out of his boat.

Game and Freshwater Fish Commission and Palm Beach County

Sheriff's Department personnel then arrived on the scene to begin the search for Goodson. They found him about 10:45 p.m. Sunday.

Sheriff's divers taking part were William Bass and Raul Solis, while Lt. Mike Mills, Lt. Bill Love, Sgt. Chuck Lowell, and Sgt. Hal Meeks searched in a harbor patrol boat.

Bass said the larger boat involved in the incident has not been located. The U. S. Coast Guard would have jurisdiction in the case if charges were to be preferred, he said as the incident occurred in the Intracoastal Waterway.

HOW I SEE ITFor your info: the ABCs  
of black involvement

Came across a bit of information that I thought might make for interesting reading among my many friends - The ABC's of Black Involvement.

The Philip Morris U.S.A. Agency has published a "Guide" which includes professional, cultural, religious, educational, social, and political organizations geared to American Blacks.

As we all know, Black organizations serve as centers of community well-being and growth.

Joining a group is a good way to make friends, develop interests, share skills and get things done. Blacks have been helping each other for a long time through groups that have their own special interests at heart. One of the most well-known is the National Association for the Advancement of Colored People, 400,000 strong. Though it was founded in 1909, it's not the oldest. That distinction belongs to the African Methodist Episcopal Church, which goes back to 1787. Now it boasts 2.1 million members.

Today's talented Black women seeking advancement might look into the National Hook Up, which maintains a job bank for position in corporations, universities and government, or they might contact the National Association of University Women, in existence since 1910.

The "Guide" offers such information. Do you have a good idea for a new business. Then get in touch with the Interim Council for Business Opportunity. Its established professional give wise advice to minority entrepreneurs. Are you a pharmacist, teacher, nurse, musician, or lawyer. There's a group dedicated to your professional needs listed in the Guide.

Black organizations are an important part of American Life. Their variety becomes apparent in "A Guide to Black Organizations," an 80-page listing and description of many of the local and national groups operating in 1981. (The book runs the gamut from a Better Chance, which prepares minority students for leadership roles in society through educational opportunities, to Zeta Beta Sorority, the first American Greek letter organization to establish a chapter in Africa.

The "Guide" is free. For your copy and I'm sure you will want one, you can write to Philip Morris U.S.A. Public Affairs Department, 100 Park Ave., New York, N.Y. 10017.

## About the water restrictions

Monday, June 1, the South Florida Water Management District rolled back water use restrictions from 25 percent to 10 percent.

The restrictions were lifted everywhere except for those communities located on Lake Okeechobee. One District official said ground water levels are up enough for coastal areas to permit the rollback. Coastal areas depend indirectly on Lake Okeechobee for the water supply.

Communities which depend directly on the lake for their water supply must still observe the 25 percent cutback because of concern over the level of the lake.

It seems strange that in light of previous water management decisions, which were carried out area wide, that this most recent decision would affect only the Lake Okeechobee area.

Afterall, Lake Okeechobee shows up on the District map as the hub of the Water Management District. Natural and man-made waterways from parts

of 16 counties from Orlando to the Keys flow either into or out of Lake Okeechobee.

Dropping Lake Okeechobee levels concern coastal residents as much as Glades residents. Though Lake Okeechobee may be an indirect supplier for the coast, its health has direct consequences for outlying areas.

Studies have shown that per capita usage of water in coastal communities is often twice that of Glades residents.

Despite this, coastal residents enjoy fewer restrictions on their use of water, although there are several million of them, compared to less than 50,000 persons in this area.

There is no doubt that a water crisis exists within the district. Management of the shortage should be carried out on equitable basis throughout the district. Residents of one area should not be called upon to make greater sacrifices than residents elsewhere.

## Supporting the Red Cross

It is always refreshing to see a community get behind a project it believes in.

Such was the case with the fund raising drive to establish an American Red Cross office in the Glades.

A substantial portion of the \$60,000 needed to establish a local office was raised Sunday, May 25, at the Centennial Celebration held at

the Belle Glade Marina.

Making it all possible was the support of the many volunteers who donated their time and talents to this worthy project.

We have plenty of bad news to cope with in this life, but this was good news, and it helps to make it all worthwhile.

## Congratulations grads!

Horror! In just four years, the Class of 1965 will be having its 20th reunion. Impossible. Preposterous. I was in the Class of 1965 and it seems graduation day was all of two weeks ago. A lot has happened in 16 years. A war, Watergate, Iran, the Space Bus; it's gone by like a blur.

And now it's the Class of 1981's turn. Relax, Class of 1981, I have no sermons for you.

All you need is congratulations on your achievement and best wishes for the future.

But, first, let's take one thing at a time. Lot's of folks, me included, look back on graduating from high school as one of the great accomplishments of their lives.

I didn't have the world's greatest study habits, but on occasion I was known to crack a book. Cracking of the books came not from scholarly concern, but from fear. Some of those high school courses were tough: like reading, writing and arithmetic.

I never learned a second language because English always provided sufficient challenge. Still does.

I can remember being confused by math and science. Even physics had its problems. It took me a while to figure out that an athletic supporter wasn't a member of the boosters club.

No, high school wasn't a breeze. It took some effort to avoid becoming part of the Class of 1966. Sixteen years later, high school still isn't a breeze, though kids today are probably a lot smarter.

I've had the opportunity to look into today's high school text books and there is some rough stuff in there. Next time you get a chance, flip through a chemistry or trigonometry book. There's stuff in there some of you parents have forgotten, or never knew.

Congratulations are in order also because of the willpower to stay in school. This country is still a ways from graduating 100 percent of its students from high school. The Class of 1981 might have been much bigger if all those who started had finished.

Now that this big milestone has been reached, I imagine a lot of the grads are asking themselves what they are going to do with their new diplomas.

According to the graduate autobiographies that were published in the Herald-Observer last week, many folks are going to continue their studies at college or technical school.

Those are great plans. Getting right to work is the best way of avoiding procrastination. I procrastinated seven years before resuming my education. But that isn't all that unusual because I've seen students in the same room in their 60s and 70s. Generally, it's easier to learn, however, when you are 17 or 18 and fresh out of high school.

Of course there is nothing wrong with going right to work and taking up a career right away.

It would be silly for me to suggest what anyone should do with their diploma. Afterall, the future is not the same for any two people.

I just happen to have the optimistic belief that we have a lot of say in our own future.

Grads of 1981, you are off to a great start. Good luck on the stretch run!

## Letters to the editor

Editor:

Due to the tremendous impact illegal aliens are having on our unemployment rate (especially teenagers & low wage earners), available low income housing, crime, education and an increasing number of citizens are becoming involved in movements to solve the illegal alien problem.

I would like to make public the name of the large national organization which is leading the fight against the invasion of illegal aliens, for immigration law enforcement and for preventative legislation. It is: Federation for American Immigration Reform (F.A.I.R.)

2028 "P" Street, N.W., Washington, D.C. 20036

There are a number of useful actions this organization is taking. If enough concerned citizens would contact them, they could be of great help on the issue the Roper Poll found 91% of Americans want controlled.

Yours truly,  
P.S. I have read the Herald for years but this is my first "Letter to the Editor."

Sincerely,  
Blanche Armstrong

I want to commend the Pahokee Police Department for the prompt and courteous response in connection with the robbery of my home.

I appreciate the efficient and professional manner in which the situation was handled.

Editor:

I desire to publicly express my appreciation for the good daily programs from the Belle Glade radio station, WSWN - AM and FM for the past 30 years or so, which have enlightened and enriched my life, as well as many others.

Especially am I grateful

## Drive continues for new blood bank

HERALD-OBSERVER, Thursday, June 4, 1981, Page 5A

Groundbreaking was held May 11 for the new Palm Beach Blood Bank Processing and Distribution Center, to be located on 45th Street on the grounds of St. Mary's Hospital. The Palm Beach Blood Bank provides all blood and blood components required by hospitalized patients within Okeechobee, Hendry, Palm Beach and Martin Counties.

The new Palm Beach Blood Bank facility will be about twice as large as the present structure, built in 1954. During its first year of operation, the bank processed 400 units of blood. In 1980, over 40,000 units were processed, far more than the present facility was originally intended to handle.

This vastly expanded volume has created a problem of severe overcrowding, to be solved by the construction of the new Blood Bank facility. The new structure will be named the Stella and Michael Chernow Processing and Distribution Center. Mrs. Chernow, a resident of Palm Beach and New York City, has been instrumental in making possible the construction of this much-needed new building.

A majority of the 1.7 million dollars required for the construction of this new facility is being raised via Project Lifeline, an

effort to realize at least one million dollars through the generosity of area individuals, corporations and foundations.

James R. Kelley and

Mrs. Moye L. Bishop are heading up the Western Palm Beach and Hendry County campaign to secure funding for the new Blood Bank. Project Life-

line spokesmen are hopeful that a minimum of \$50,000 can be realized within these counties for construction of the new facility.

PAHOKEE has had a phantom runners before, but this fellow in the center of the photograph really had Naples confused Friday, May 29, during a football jamboree at Clewiston. Actually, the helmet belonged to Walter Johnson (40) being

tackled at left. When the helmet was knocked off, a Naples defender at the far right of the picture grabbed it, apparently thinking it was a loose football.

## Blue Devils in grid jamboree

Pahokee High School outscored Cardinal Gibbons 13-0 in one quarter of football Friday, May 29, but fell behind Naples 12-0 in another quarter. The action took place at Clewiston, where the Tigers hosted a four-team spring jamboree. Arch-rivals Pahokee and Clew-

iston did not face each other. Clewiston lost to Naples 7-6 and beat Cardinal Gibbons 18-0. "When we executed the way we should we looked good," said new Blue Devil head coach Sandy Hyneman. "We put in a fairly new offense and did a pretty good job. We

have a lot of young kids." Hyneman said the Blue Devils picked up a lot of "useless penalties" and learned from their mistakes.

Bernard Johnson will be replacing Boris Banks at quarterback this fall and Hyneman noted that

Johnson, equipped with a good arm and good speed, scrambled well. Hyneman also noted that Walter Johnson, a big sophomore ran the ball well as did Richard Lyndel. Hyneman also noted the play of wide receiver Anthony Smith. Bernard Johnson pas-

sed 25 yards to Anthony Smith to give Pahokee its first score against Cardinal Gibbons with 10:18 left in the second quarter. Walter Johnson scored Pahokee's last touchdown with 1:21 left on a 15 yard run. Bernard Johnson passed for the conversion to make the score 13-0.

## Gator gridders see action

The new, post-champion Glades Day High School Gators football squad had their first trial under fire last week as they played two quarters in Moore Haven in the annual spring football jamboree.

In the first quarter, Moore Haven shutout La Belle 8-0. In the second quarter, it was the Gator's turn to be shutout as they lost to Lake Placid 6-0.

Glades Day quarterback Raul Garcia was intercepted on the Lake Placid 27 yard-line and the Gator's foes ran the ball all the way back for a touchdown.

In the third quarter, Moore Haven played Lake Placid and in the last quarter, Glades Day came out on top against Moore Haven, 14-0.

To score the first Gator TD, Tobin Vansee ran one in from the 17 yard-line. Davey Hayes ran a four-yarder in for the second. Todd Kroesen kicked a PAT after each score.

Andy Fontaine and Julio Rivas each got an interception against Moore Haven, while Gator Mike Mock recovered a fumble.

"Considering we used half our front-line players

and half our back-ups, we did pretty good," Coach Byron Walker said. "We've lost a lot of our last year's strength and we are now very young."

Walker said the Gators' 1981 schedule is a lot tougher than last year too.

"We've only got nine regular season matches on the schedule. Some people that played us before won't play us now because of our past record," Walker said.

Glades Day was 13-0 last season, winning the Class A state football championship.

## Palm Beach County

### tops state in income

Palm Beach County edged past Sarasota County to take over the top spot in per capita personal income in Florida in 1979, according to data released recently by the U.S. Department of Commerce, Bureau of Economic Analysis.

Ten counties posted higher per capita incomes than the state average of \$8,521 and the U.S. average of \$8,757 for that year. They were Palm Beach (\$10,520), Sarasota (\$10,425),

Broward (\$10,002), Collier (\$9,791), Hendry (\$9,751), Dade (\$9,714), Indian River (\$9,395), Martin (\$9,178), Orange (\$9,087) and Pinellas (\$9,007).

The same 10 counties (not in the same order) were also the per capita income leaders for the previous years except in 1977, when Monroe County replaced Orange. Hendry County topped the list in 1974, 1975, and 1976 and Sarasota was in first place in 1977 and 1978.

## ZETAS, GENTS, AKAS SCHOLARSHIP WINNERS...

THREE GLADES Central Community School seniors were among the many seniors receiving scholarships at class night. From left to right, Miss Reubina Johnson received a \$1,000 scholarship from the Zeta Phi Sorority; David Thornton received the \$300 GENTS scholarship and Lenelda Allen received a \$500 scholarship from the Alpha Kappa Alpha Sorority.

## GCH seniors attend class night

BELLE GLADE — Approximately 150 seniors and their guests attended what is being hailed as one of the best class nights in Glades Central Community School history, according to Dr. Effie Grear, principal.

The affair was held Thursday, May 28, in the Annex campus cafeteria and was highlighted by the presentation of a \$3,000 scholarship from South Bay Growers to Valedictorian Thomas Lockett.

Frank Teets, general manager of South Bay Growers, made the announcement of the new scholarship to Glades Central's top graduate.

The son of Mr. and Mrs. Melvin Lockett of 700 Southwest Eight St., Lockett also received a honor scholarship for \$750 from the University of Florida and a \$790 scholarship from UF School of Engineering.

All three scholarships are renewable for four years. The recipient of Glades Central's "Scholar Athlete Award", Lockett also plans to make the school's football team as a walk-on.

Teets told Dr. Grear the \$3,000 scholarship replaces two \$600 scholarships which had been awarded Glades Central graduates who intended to attend Palm Beach Junior College for their first two years, by United States Sugar U.S. which bought South Bay Growers last year.

Lockett also is the recipient of the Zeta Phi Beta Sorority's "Student of the Year Award" and the El Dorado Civic Club's "All Around Academic Award".

Honor student and Student Council President, Lenelda Vellie Allen, received the Mu Rho Omega Chapter of Alpha Kappa Alpha Sorority's \$500 scholarship and the Palm Beach Junior College President's Award. Reubina Johnson received a \$1,000 scholarship from the Zeta Phi Beta Sorority and the \$300 W. C. Taylor Memorial Scholarship Award from

the El Dorado Civic Club and the Taylor family.

Other scholarship winners were David Thornton, who received a \$300 scholarship from the Gents Club and Linda Williams recipient of the \$300 Charles McCurdy Scholarship.

Award recipients were Thomas Lockett, the Academic Award trophy from the Kappa Alpha Psi Fraternity; Michelle Lealand; Cornelia Foster and Linda Jones, the Elite Community Club's Debutantes scholarships.

Palm Beach Junior College scholarships were also awarded along with the D.A.R. awards to Reubina Jonson and Da-

vid Thornton.

Dr. Grear presented the Principal's Award for outstanding service to the school to Kenneth Jackson and Linda Joye Burroughs.

The program following the awards presentations ended with a slide presentation, prepared by Senior class coordinator, Sandy White and her committee members, Jeanette Keaton, Velmom Edwards and Dorothy Hale, of activities and personages of the Senior class.

Refreshments of punch and a large graduation cake decorated especially for the class of '81 were served.

## PHS seniors honored at Awards Day

PAHOKEE — Three scholarship presentations and the naming of the top ten students at Pahokee High School were among the highlights of the school's awards day assembly held Tuesday, June 2.

Mrs. Robbie M. Everett, a member of the Iota Omicron Zeta Chapter of Zeta Phi Beta Sorority, Inc., presented a \$1,000 scholarship to Ruthell Johnson.

Miss Barbara Boldin accepted the Mu Rho Omega Chapter of Alpha Kappa Alpha Sorority's \$500 scholarship from Mrs. Mildred J. Ross and Miss Elnora Boldin.

Albert Gray one of the top ten students at PHS was presented a \$300 scholarship from Willie Floyd in behalf of the GENTS Club of Belle Glade. Gray also received the Scholar Athlete Award from the Glades Alumni Chapter of Kappa Alpha Psi Fraternity from Charlie Laws.

Mrs. Doris C. Lane, principal of PHS presented the Faculty Awards for Activities to David Pelham; Citizenship to Margaret Ardrey and Best All Around to Faryl Nager. All three students are members of the senior class.

Seniors Clinton Wilson and Laura Hoskins received the D.A.R. Award and Simon Train, immediate past president of the Pahokee Chamber of Commerce presented Jasmine Benjamin with the STAR student award. John Holman, a first year Art instructor at the school was presented with the "Teacher of the Year" award from Mrs. Lane.

The Christian Club award went to Kevin Boynton, director of the Pahokee High School chorus in recognition of the chorus' spiritual contribution to the school.

Departmental awards senior recipients were:

Business Education, Margaret Ardrey; Mathematics, Jose Alvarez; English, Jesus Diaz; Science, Jose Alvarez; Home Economics, Laura Hoskins; Agriculture, Tommie Walker; Chorus, Phyllis Hill; Band, Charles Peaden; Physical Education, Lawrence Fitzgerald; Art, Esther Fundertark; Industrial Art, Bobbie Perryman. Activities, art, agraria, photography, poetry, the Science Fair and Students Council awards for seniors and underclassmen were also presented.

## GED test given June 16, 17 and 18

## Citizens honored at City Association tea

**BELLE GLADE**—The City Association of Women Clubs of Belle Glade honored several citizens during its Personality Tea held Sunday, May 10 at the Women Civic Clubhouse.

The program's theme "Club Action-A Catalyst for Change" was enhanced to great dimensions by speaker, Miss Daisy McCoy, who serves as coordinator of the Florida Farmworkers Council, Senior Citizens Program, according to Mrs. Ida Mizell, president of the City Association.

Ms. McCoy spoke of

the possible effects of the proposed budget cuts on Social and Welfare program on the needy of the Glades area.

She challenged area clubwomen to become involved by being informed and using their unity and strength for community involvement.

During the tea, the President's Distinguished Service Award was presented to Att. Donald Mason, Managing Attorney for Florida Rural Legal Services, Inc., for his untiring efforts to improve the status of the poor in the

Glades.

New personalities in the Glades were also presented. Those recognized were Reginald Asberry, Choral director at Glades Central Community School; James Eccles, teacher with the Palm Beach County Schools; Ms. Vanessa Johnson, manager of Finance America, Inc.; Dorothy Walker, City Commissioner and lawyer with the law firm of Gary and Lewis; Alfred Woodward, community worker; Miguel Tirado, health administrator and

Community Club gave the occasion.

Mrs. Harma Miller, president of the Mu Rho Kappa Alpha Sorority introduced the speaker.

Reginald Asberry, Paula Lockett, Willie Lawrence and Eddie Coffie provided several musical selections.

Mrs. Vivian Byrd, business manager of the El Dorado Civic Club recognized each club president and Mrs. Omelia E. Houston, president of the Women Civic Club was in charge of the offering.

## "WE HAVE SEEN A LOT OF NEW FACES IN OUR STORE SINCE WE BEGAN PLACING ADS AND INSERTING OUR CIRCULARS IN THE HERALD-OBSERVER"

Billy Brewer, Manager, **FOOD CENTER**, Belle Glade

People who read the Herald-Observer are special. They are seeking the personal kind of journalism that keeps them in touch with their neighbors and places where they do business. That's why Food Center advertises in the Herald-Observer.

The Herald-Observer has more Glades news, more Glades advertisers and more Glades classifieds than any other newspaper in our region. Businesses like Food Center know this and that's why they advertise with the Herald-Observer. There's no way to reach the Glades better.

"I depend on a high volume of business to make a profit. The Herald-Observer reaches a high volume of my customers; the people I need to reach. When I do any advertising, it's always with the Herald-Observer," Billy Brewer says.

# "Keeping the Faith" by Rev. Joe Ed McGahey

"And when the day of Pentecost had come, they were all together in one place. And they were filled with the Holy Spirit. Acts 2:1-4 NASB.

What an exciting day that turned out to be. Here was a group of very ordinary people gathered together in an upper room in the southwestern part of Jerusalem. Ten days before they had seen Jesus Christ, ascend into Heaven. It had been an unusual experience to say the least. But then they had had a number of unusual experiences. This same Jesus had been put to death on a cruel Roman cross. But the grave could not hold Him and on that first Easter morning He had come forth from the grave in all the glory of God.

What had they been doing those ten days since the ascension? They had been waiting—but it was not a passive waiting. They had been waiting in prayer and expectation. They had been praying for the Holy Spirit to come upon them and they had been expecting their prayers to be answered. This was true because they had been given a command to wait and the promise of the Spirit's coming by Jesus Christ. Therefore, they had had a ten day prayer meeting. Then He (the Holy Spirit) came! "And suddenly there came from heaven a noise like a violent, rushing wind, and it filled the house where they were sitting. And there appeared to them tongues of fire distributing themselves, and they rested on each of them. And they were all filled with the Holy Spirit and began to speak with other tongues, as the Spirit was giving them utterance." Acts 1:2-4 NASB.

It would be impossible to describe the excitement and the enthusiasm that took place in that room. One thing we dare not do, and that is to try to explain it. Well such spiritual excitement and power could not be contained in one house among approximately 120 people (Acts 1:15). And it was not! These people were soon out in the streets of Jerusalem. Their excitement soon drew a crowd of people, who were amazed and perplexed. The people of Jerusalem were asking "What does this mean?" (Acts 2:12) Others looked at their excitement and thought they were drunk. But it was then that Peter stood up and started preaching. First of all he told the people of Jerusalem that this was the fulfillment of Joel's prophecy (Joel 2:28-32) then he started preaching about Jesus-crucified for their (and ours) sins and risen from the dead. This was the theme of his message. The message was not new, but the power of the Holy Spirit to deliver and make real the message had come that day. He then called the people to repentance. Three thousand people responded, repented and accepted Jesus Christ as their personal Saviour. The church of Jesus Christ was alive! It was growing and it was marching forward!

Now while the message of the first century church was Jesus Christ, crucified and risen from the dead, the power to make that message real comes through the Holy Spirit. This still must be the message of the church today. People still come to God through Jesus Christ. But it is still the Holy Spirit that gives us the

power to effectively deliver the message. It is the Holy Spirit that causes people to respond to the message.

For the Word of God (the Bible) is living and active and sharper than any two-edged sword, piercing as far as the division to the soul and the spirit, of both joints and marrow and able to judge the thoughts and intentions of our hearts." Hebrews 4:12

What is your authority for making decisions? What is your authority for deciding what is right and what is wrong in life? People either have a standard or a source of authority for these decisions or else they rely on what is the most suitable for the occasion. This is what one who is governed by situational ethics does. The real problem with this is that we usually decide by where external pressures push us to decide. According to this there are times when it would be right to lie, there are times when it would be right to steal. There is no such thing as absolute values. Once this happens there is no real authority in our lives. Taking this to the extreme we can even justify murder. That, of course, as a society we have already done in the case of legalized abortion or demand. There is no protection for the unborn baby.

So we as a society need an authority for what is right and wrong. As a Christian I have an authority. That authority is God's Word—the Bible. Here it is in black and white. Now someone says, but a set of absolute laws is so cold and indifferent. God's law is not cold or indifferent to the needs of man. It is set for the protection of man. It was given to us in great love, more love than the human race understands. In fact when Jesus was asked what the most important of all the commandments was, He replied, "You shall love the Lord your God with all your heart and with all your soul, and with all your mind. This is the great and foremost commandment. And the second is like it, 'You shall love your neighbor as yourself.' On these two commandments depend the whole law and the Prophets." Matthew 22:37-40 NASB.

Of course when we love someone with God's love and that is the kind of love spoken of here—we will not hurt either physically, emotionally or spiritually. In fact we will seek to protect them. This does not mean we can then forget about the rest of the law. We can not. The law is our instructor. In driving a car we need to know the law. The law tells us which side of the road to drive on. It tells us when to stop for other traffic and when we do and do not have the right of way.

The law of God is our instructor about what is right and wrong. But God's love gives us the real motive in carrying out what is right and wrong. Love deals with our selfishness, pride, anger and lusts. But this love is not even going to be a real motive for obedience to the law of God unless we really love God as Jesus commands us to. Jesus was not talking here about ordinary human affection. He was talking about a love we can only have as we are committed to

## Thiebaud-Burton exchange vows

Miss Cynthia Thiebaud became the bride of Robert W. Burton at a family wedding on Saturday, May 23, at the Memorial Chapel of the First Baptist Church of Tallahassee.

Miss Amy Shrine, the harpist, preceded the wedding hour of 10 a.m., with a number of instrumental and vocal numbers. She played "Reverie", "Edelweiss" and "Jesus Loves Me", and sang the numbers, "Just Because You Asked", "That's For Me" and "The Lord's Prayer".

Miss Thiebaud and her father approached the altar as the harpist played "Clare de Lune". The bride chose a white lace semi-formal for her wedding dress. Her bridal bouquet was white daisies and gypsophila and spangly fern on her fifth birthday from her maternal grandparents, the former Judge and Mrs. Gilbert K. Hutchens of Carrollton, Ill.

Judge Bill Daniel, the Sunday School teacher of the couple, performed the double ring ceremony. The couple spoke their memorized vows to each other. After the speaking of their vows, the bride and groom faced each other, and as they held hands, the harpist played and sang, "To God Be the Glory".

A stained glass window of Jesus graced the center back wall of the chapel. Two candle-centered matching arrangements of white daisies and yellow pom-poms adorned the altar. The double bench kneeling stool was decorated with similar flowers.

The couple chose their parents, Mr. and Mrs. William A. Thiebaud of

Belle Glade and Mr. and Mrs. LeRoy P. Burton of Jacksonville as their attendants.

William Al Thiebaud, Jr., brother of the bride and Mitchell Burton, brother of the groom, were the ushers for their respective family members.

The processional by the harpist was "The Fountain". After the wedding Mr. and Mrs. Thiebaud entertained at a brunch in the private dining room of the "Bird Cage" Restaurant in Tallahassee.

Those in attendance were the bride and groom, Mrs. Gilbert K. Hutchens, the bride's maternal grandmother, Misses Ann Thiebaud, Sharon Thiebaud, Kathy Burton, and Michelle Burton, William A. Thiebaud Jr., Mitchell Burton, Judge Bill Daniel, Mr. and Mrs. William A. Thiebaud and Mr. and Mrs. LeRoy P. Burton.

After a honeymoon trip to New Orleans, the couple will be residing in their home at 1902 Wells St., Tallahassee, FL 32308.

Mrs. William A. Thiebaud and her mother, Mrs. Gilbert K. Hutchens, drove to Tallahassee on Thursday, May 21. That evening they were entertained at dinner in the home of Dr. and Mrs. Gideon Jones, honoring Cynthia Jane Thiebaud and Robert W. Burton.

On Friday, May 22, William A. Thiebaud Sr., David Shannon and Bill, Jr., to Tallahassee. Mr. and Mrs. LeRoy P. Burton entertained the Thiebaud family at a dinner in the evening at Mr. Robert W. Burton's home.

## Maynor receives instructors license

BELLE GLADE — Mrs. Christine Maynor, a mathematics instructor at

Lake Shore Middle School and a long time cosmetologist, owner and operator of Christine's Beauty Shop in Belle Glade recently received her instructors license in cosmetology from the State Board of Cosmetology in Tallahassee.

Mrs. Maynor and Mrs. Mitilda Shurney, of West Palm Beach attended the Orange Blossom Cosmetology Convention in Daytona. While in Daytona, Mrs. Maynor said she met with other cosmetology instructors and hundreds of cosmetologists from across the state.

She has been given a position to teach a class in Business Mathematics at the convention which takes the student towards a Masters degree in cosmetology.

Mrs. Maynor has also been offered an instructors position at a cosmetologist school in Fort Pierce.

Upon her return to Belle Glade, Mrs. Maynor said her family and husband, Julius Maynor surprised her with many birthday gifts and a birthday trip to West Palm Beach.

The couple were united in marriage by the brides' father, Bishop Buck Cobb.

The bride was given in marriage by her brother, James Drew Cobb. Mrs. David Daniels of Titusville served as the matron of honor.

James Williams was his grandson's best man.

James Drew Cobb and David Daniels served as ushers and Miss Tammy Teel of Orlando kept the guest book.

Mr. and Mrs. Larry Kinard of Moore Haven sang "Gentle Shepherd"

and Mrs. Jerry Ingram of Lake Placid sang "Love Me Tender" accompanied by Larry Kinard, pianist, who also played other traditional nuptial music.

After a wedding trip to North Carolina, Rev. and Mrs. Shipley will make their home in Arcadia, where Rev. Shipley is serving as pastor of the Church of Prophecy in that city.

## Wilkinson and Blevins exchange vows

Miss Jolene Denise Wilkinson, daughter of Mr. and Mrs. Harold B. Wilkinson of 1897 Bacon Point Rd., Pahokee was married to Michael Stephen Blevins, son of Mrs. Lillian Blevins of Conyers, Ga. The double ring ceremony was performed by the Rev. Ralph A. Banks, in an impressive garden ceremony at the bride's parents home, on Saturday, April 18.

Given in marriage by her brother, Stephen H. Wilkinson, (the bride's father was hospitalized at the time of the wedding), the bride wore a gown of formal ivory chiffonette. The bodice featured a heart shape neckline of alcon lace and clusters of seed pearl, and ivory ribbons and ivory silk roses at the waist. The soft A-line skirt trimmed at the bottom with lace fell softly to a chapel train in the back. The entire edge of the cathedral veil of lace and seed pearls was trimmed in matching lace.

She carried a cascade bouquet of silk, ivory morning glories, and mauve roses interspersed with greens and streamers

of ceru and gold lame lace ribbons.

The bridal attendants wore gowns of pink chiffonette over lining with a scoop neckline, front pleated from neckline to hem with a sheer jacket. Their head piece consisted of pink rosebuds and they carried small bouquets of loosely arranged spring flowers in shades of pink.

Mrs. Dianne Kubina, of Miami, the sister of the bride was the Matron of Honor.

Mrs. Theresa Glass, sister of the bride; Ms. Kathy Picard, cousin of the bride; Ms. Donna Larson, Miss Linda Crowell and Miss Jane Mayo of Atlanta were the bridesmaids.

They wore dresses matching the matron of honor in suede pink. The junior bridesmaids were Lisa Wilkinson and Miss Karen Kubina, nieces of the bride. They wore off the shoulder ivory cotton dresses with pink rosebuds, ruffled at the neckline and hem. Their headpieces were combs covered in pink rosebuds. They carried pink silk roses to match

their dresses. The bridegroom wore a ivory tuxedo with a mauve rose boutonniere and his attendants wore burgundy tuxedos with matching shirts and pink silk boutonnieres.

The groom's best friend, Miss Judy Stevens of Atlanta, was the groom witness. Groomsman were Curt Middlebrooks, Johnny Bertacini, Jim Guin, Don Martin and Cliff Padgett, all of Atlanta and Roy Wilder of Houston, Tx. The ring bearer was Bryan Wilkinson, of Miami, nephew of the bride.

For her daughter's wedding, Mrs. Wilkinson chose a floor length pink silk dress with a white and pink silk cymidium orchid. The groom's mother wore a beige dress with a pink and white silk cymidium orchid.

Organist was Mrs. Terry Collier and Curt Middlebrooks, one of the groomsmen, played the guitar and sang songs he had written especially for the occasion.

The garden was decorated with flowers everywhere, and the couple exchanged vows in front of a background of palms, pots of pink hydrangeas, and an arch covered with ferns, pink and white flowers with a white kneeling bench.

The reception following the wedding was held in the bride's parents home. The house was decorated with flower arrangements on the punch and cake table.

The all white wedding cake consisted of four tiers with pink roses on top. Assisting with the reception were Mrs. Marion Bleech, Mrs. Norman Kennedy, Mrs. Barbara Hatch, Mrs. Margaret Wilkinson, Miss Allison Shirley and Miss Barbara Flake.

Following a wedding trip to New York, Las Vegas, Nev., Newport Beach, Calif., and a cruise to Acapulco, Mx., the couple will return to their home in Atlanta.

Out-of-town guests were Brady Blevins of South Carolina; brother of the groom; Mrs. Lillian Blevins, mother of the groom; of Conyers, Ga.; Mr. and Mrs. Paul Schmidt, of Weirsdale, Fla.; Mr.

## Martin and Gilbert to exchange vows

Mr. and Mrs. Curtis E. Martin of Belle Glade announce the engagement of their daughter, Tamaraw Lee Martin to Steven Wayne Gilbert, the son of Mr. and Mrs. Glenn Gilbert also of Belle Glade.

Miss Martin is a student of cosmetology at West Technical Educational Center.

The groom-elect is a 1977 graduate of Pahokee High School and is employed with United State Sugar Corp.

The couple plan to exchange wedding vows in August.

# DID YOU KNOW?

Everyone has heard the expression, "back seat driver." But did you know that on a motorcycle, the passenger can actually steer the cycle? It's true. If a motorcycle passenger leans the opposite way from the rider, the passenger can control the cycle's direction.

## Mental Health director named

BELLE GLADE — Jean Cogar, executive director of the Western Palm Beach Mental Health Clinic, announced this week the naming of Candace S. Von Fache as program director of the clinic.

Ms. Cogar said, "The clinic is extremely fortunate in being able to bring to the community a person with Ms. Von Fache's education, training ability."

"I feel that this addition will greatly augment the development of our network of quality services we plan to implement in the Glades," Ms. Cogar added.

Ms. Von Fache, formerly assistant professor of

Child and Family Studies at Burlington County College in Pemberton, N.J., is a candidate for a Ph.D. degree at Syracuse University, where she served as a graduate teaching assistant before joining the faculty of Burlington College.

She has done graduate work in Human Development and Family Relations, receiving a Masters degree from Penn State University. In addition she has completed degree work in Marriage and Family counseling.

As part of her duties as program director she will conduct weekly case review of the cases of the clinic's therapists. Von Fache feels that her main

responsibility is to help insure the delivery of services.

The program of the clinic includes drug services, the Crisis stabilization unit, the Center of Family Growth (services for children, adolescents and adults) and the Center for Human Potential (serving the adult community). This center will serve adults in the Glades through community based workshops on topics of interest.

Ms. Von Fache feels very deeply about aid to the community. "As I see it, the purpose of the clinic is to help members of the local community to use the strengths and resources they already possess to the best extent possible."
